SHARING FUTURE

*Working together for tomorrow | Sharing ideas of new solidarity
Discovering God's presence*

For many young people the ecumenical community of Taizé embodies solidarity, confidence and hope. Every week thousands of young people from all over the world meet in Taizé to sing and pray together and to exchange thoughts. In keeping with the motto „Sharing Future“, brothers of the community and young people from various countries will come together in Graz for four days. Graz was acclaimed European Capital of Culture recently and its beautiful old town contributes to the title of UNESCO World Heritage. There, we will build the future together for a better tomorrow.
